

Tutorial de Instalação do MYSQL

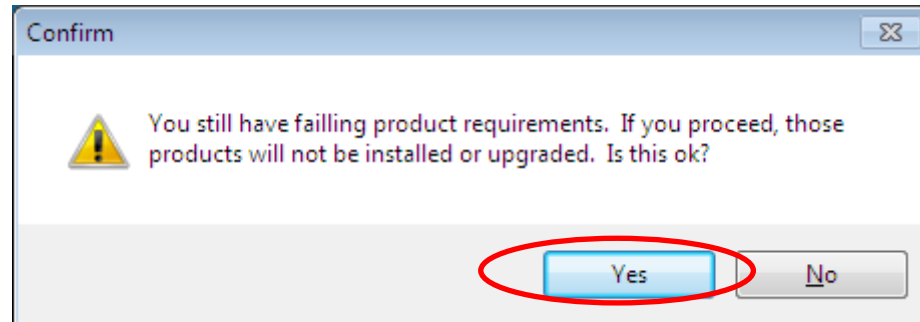

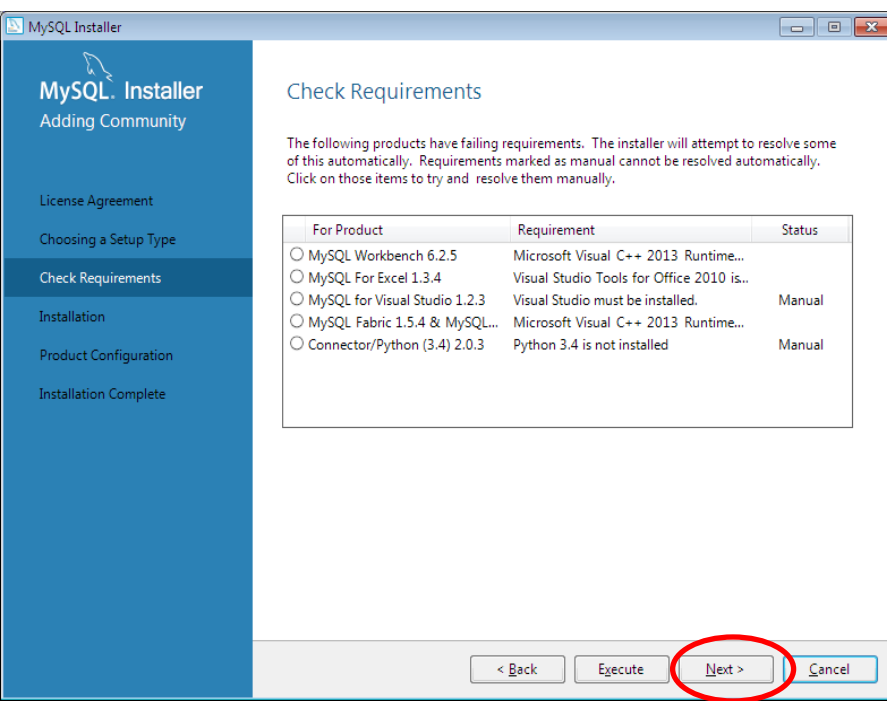

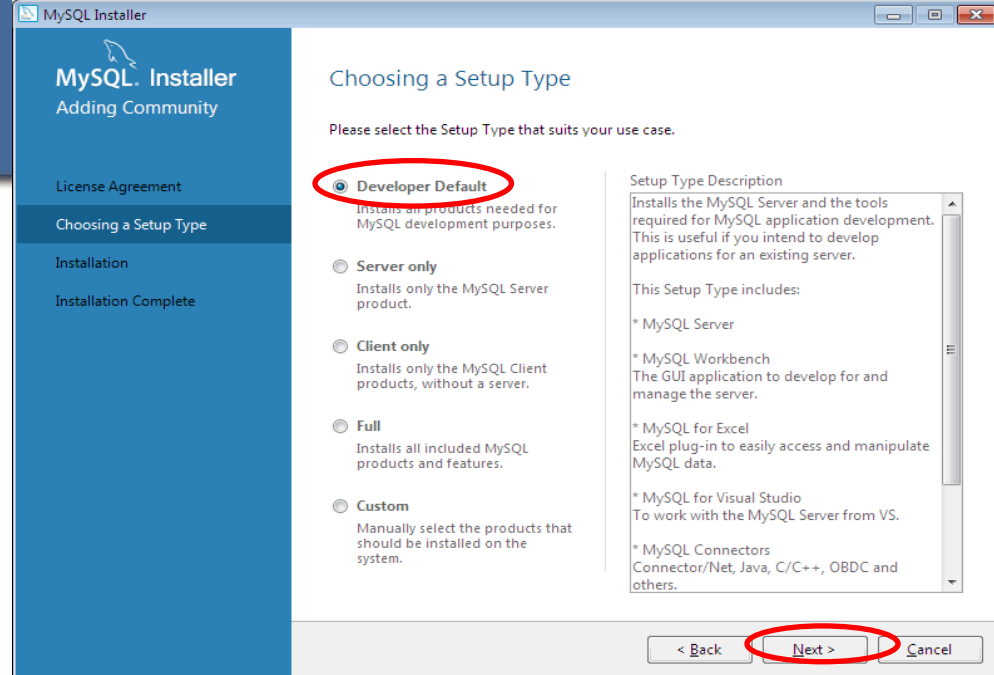

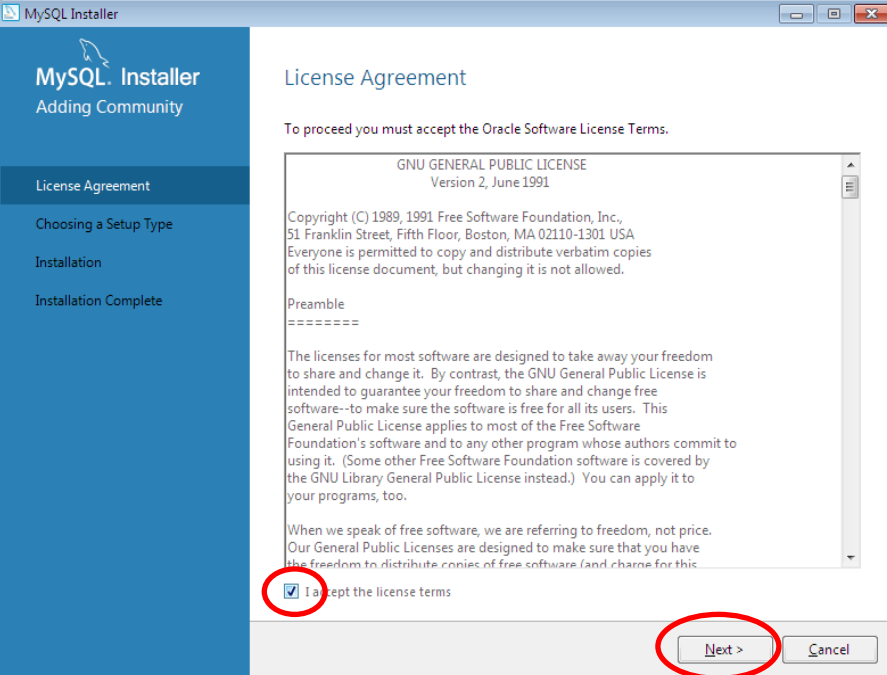

Procedimentos de Instalação

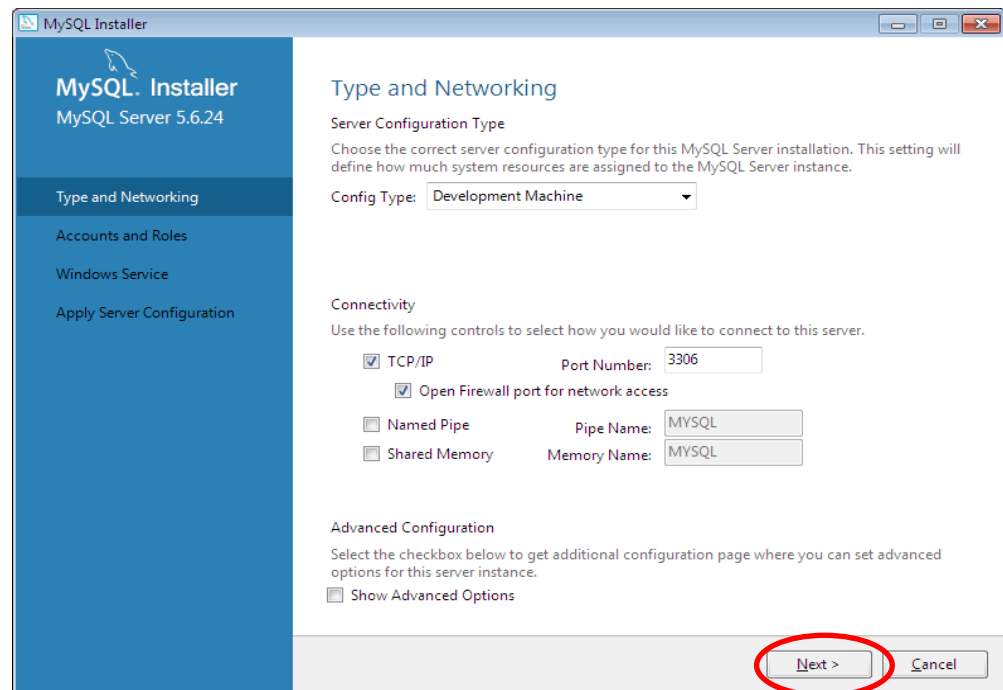

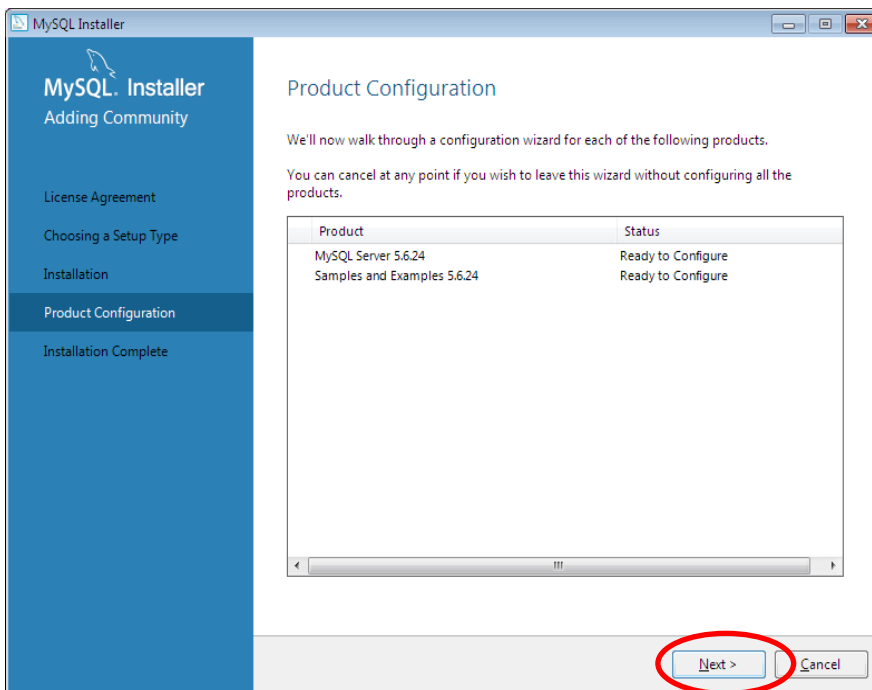

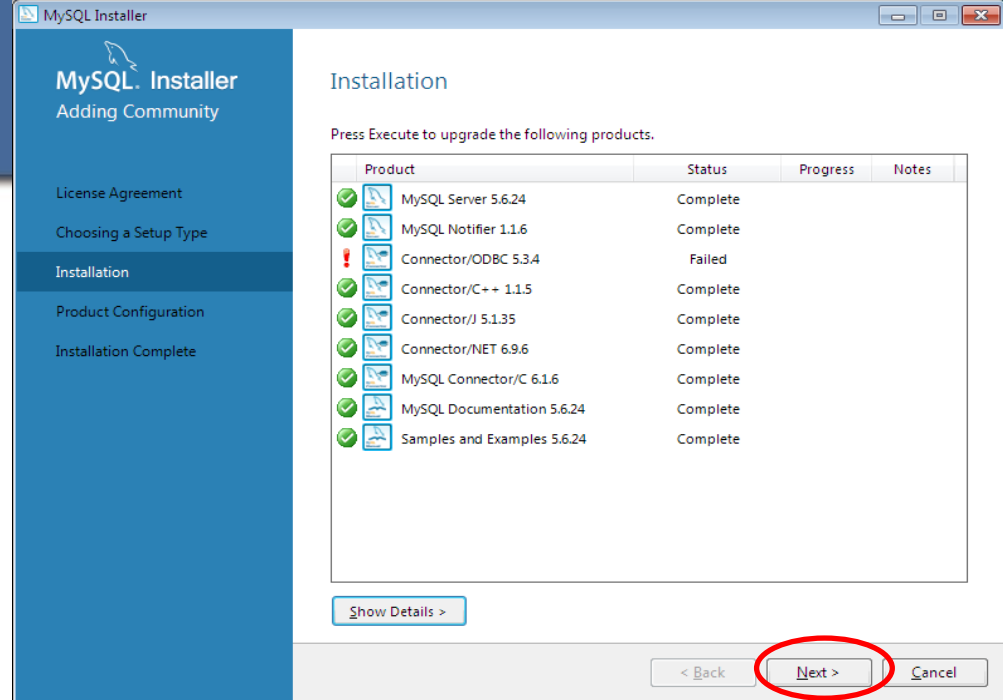

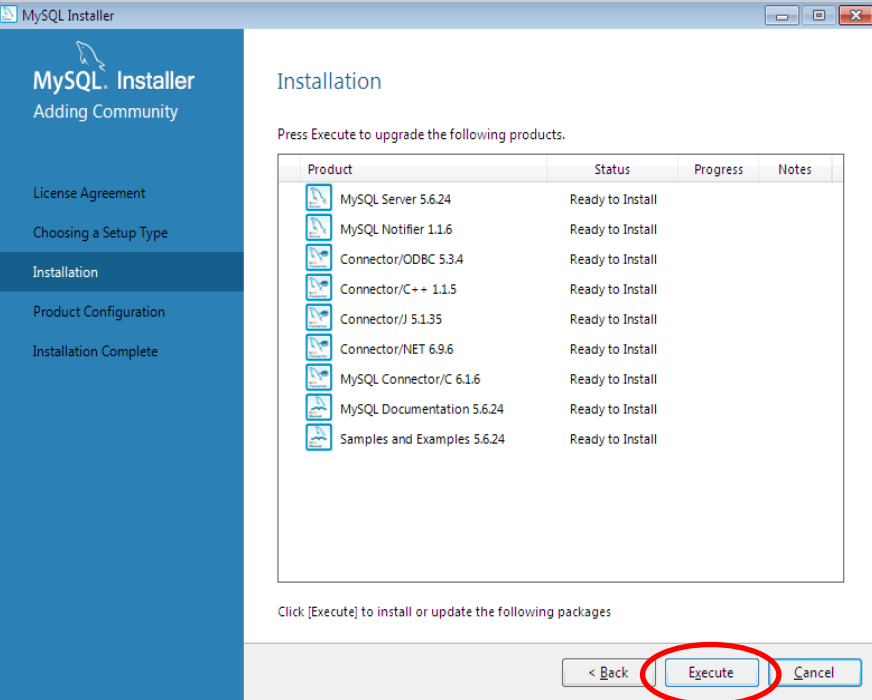

- ❑ Baixar o MySQL
 - ❑ Instalar o MySQL
- ❑ Baixar o MySQL-Front
 - ❑ Instalar e configurar o MySQL-Front
- ❑ Link para download:
https://drive.google.com/drive/folders/1hVleOILXZCqIIp9ImorlrO_jfdCOEBw

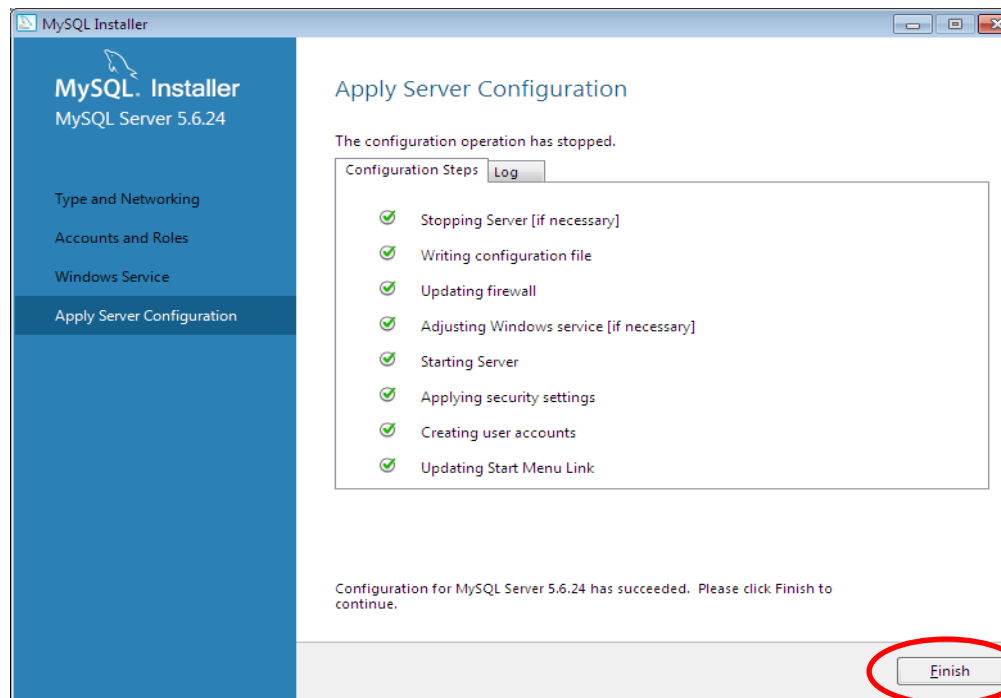

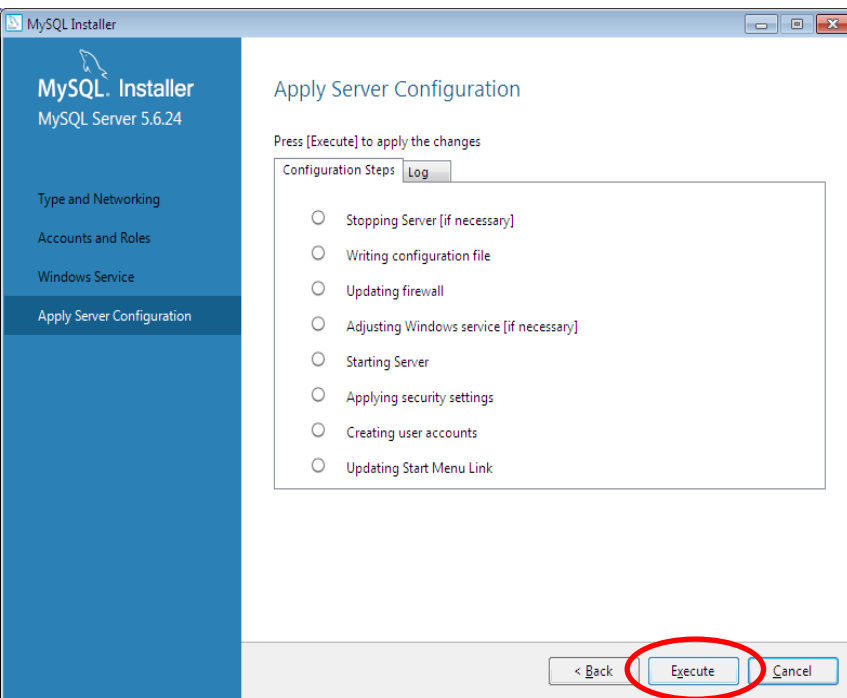

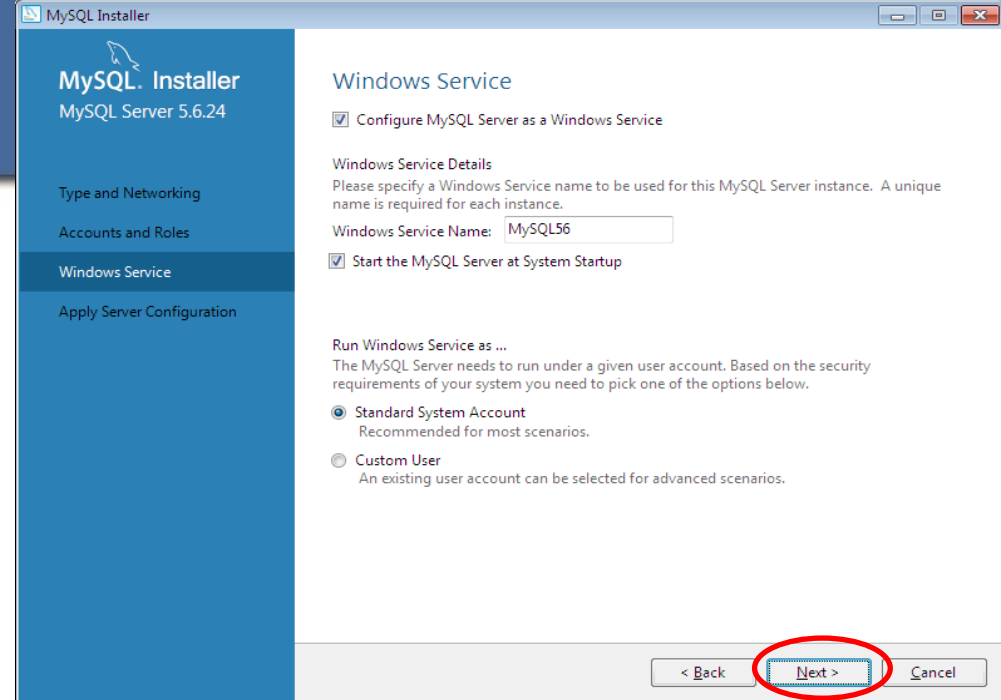

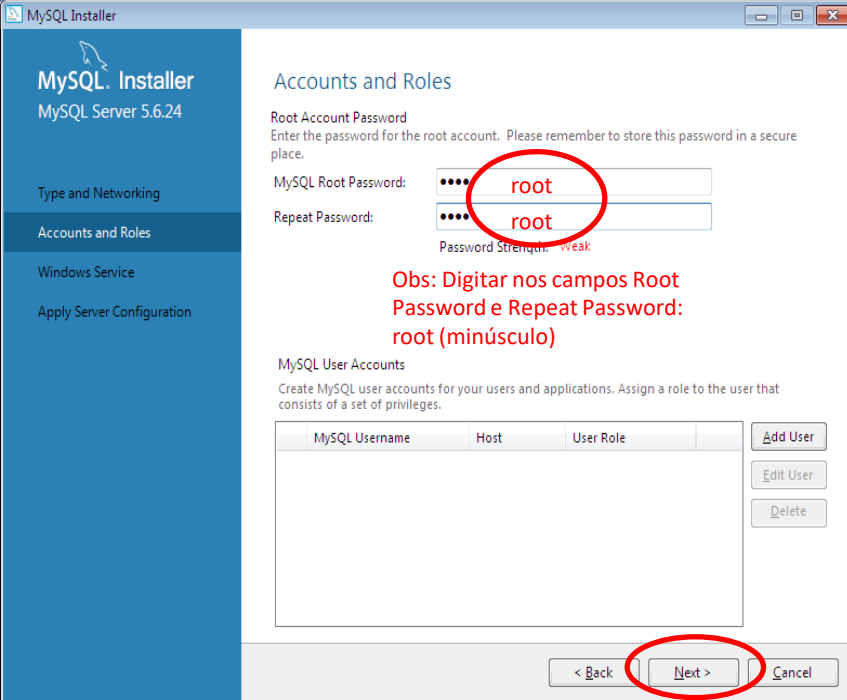

Instalação do MySQL

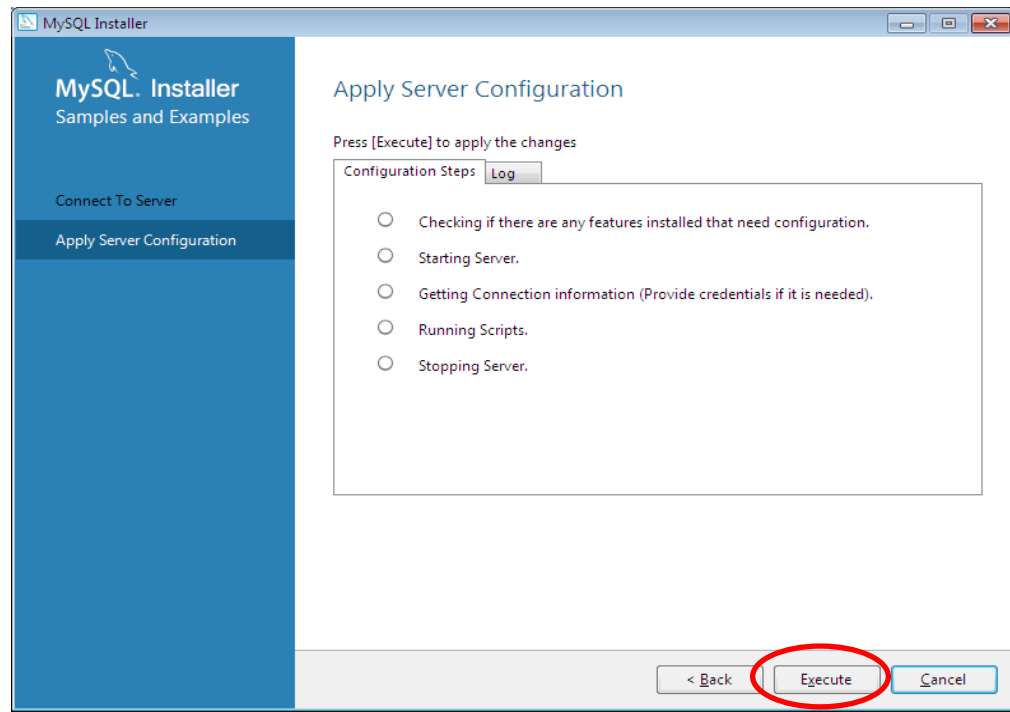

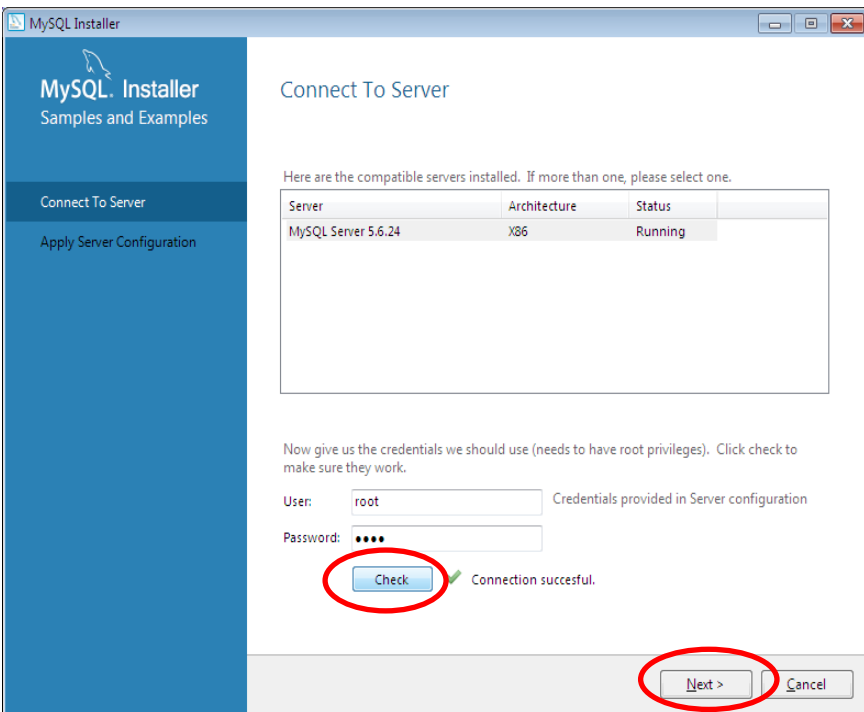

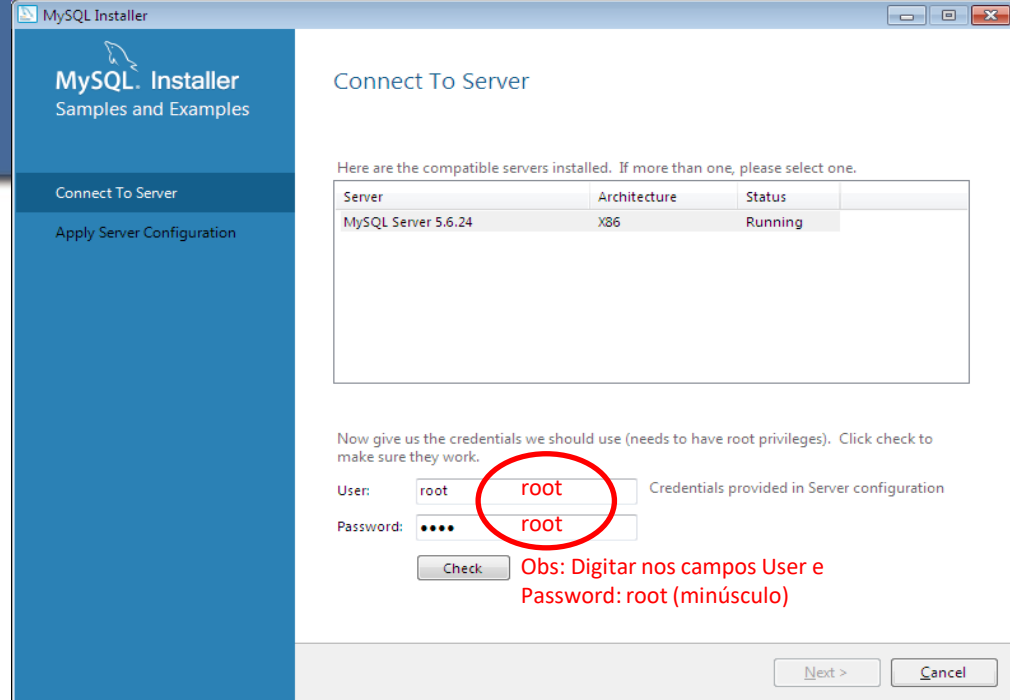

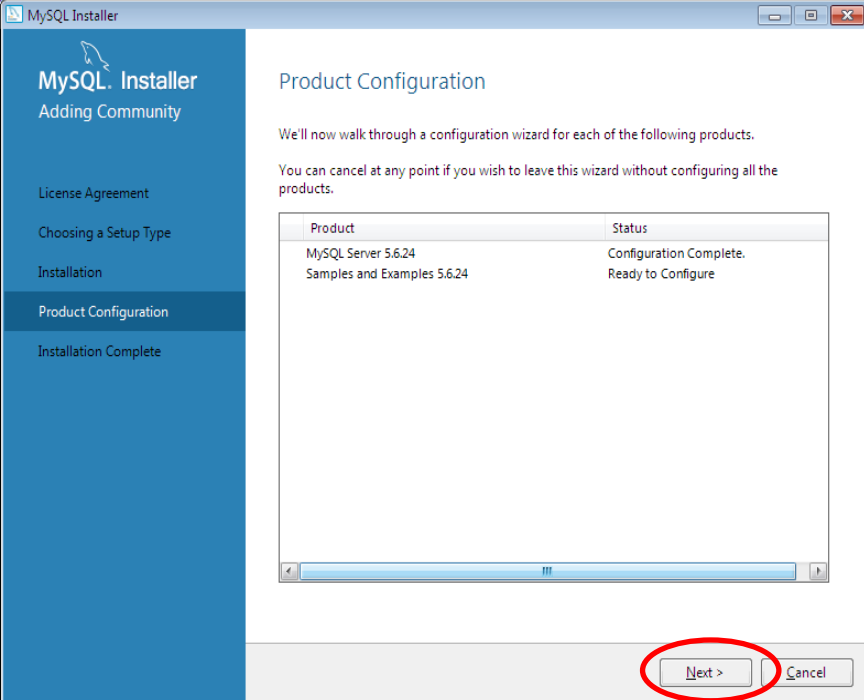

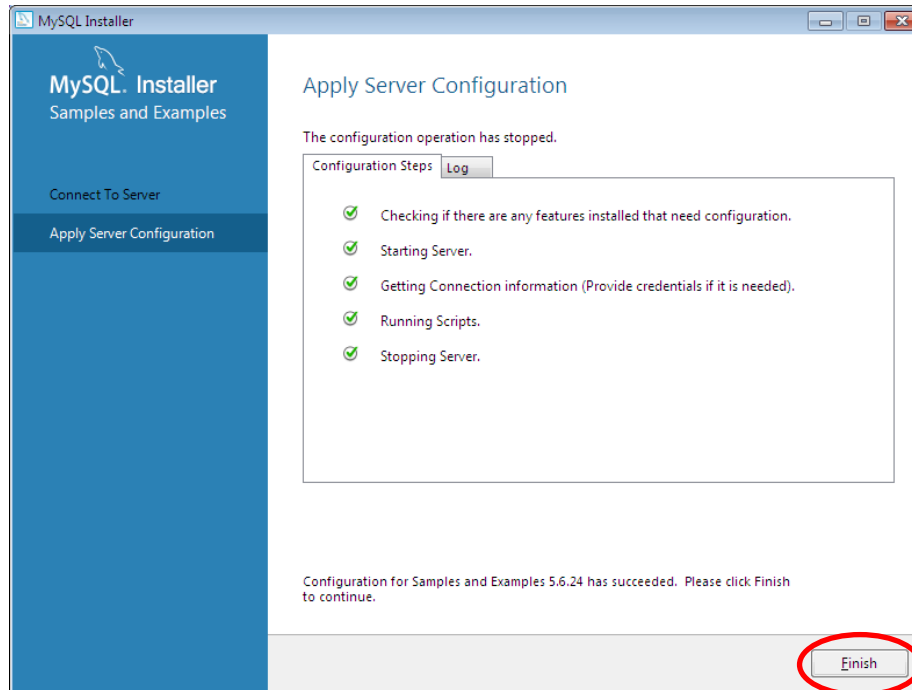

Dê dois Cliques para
iniciar a instalação

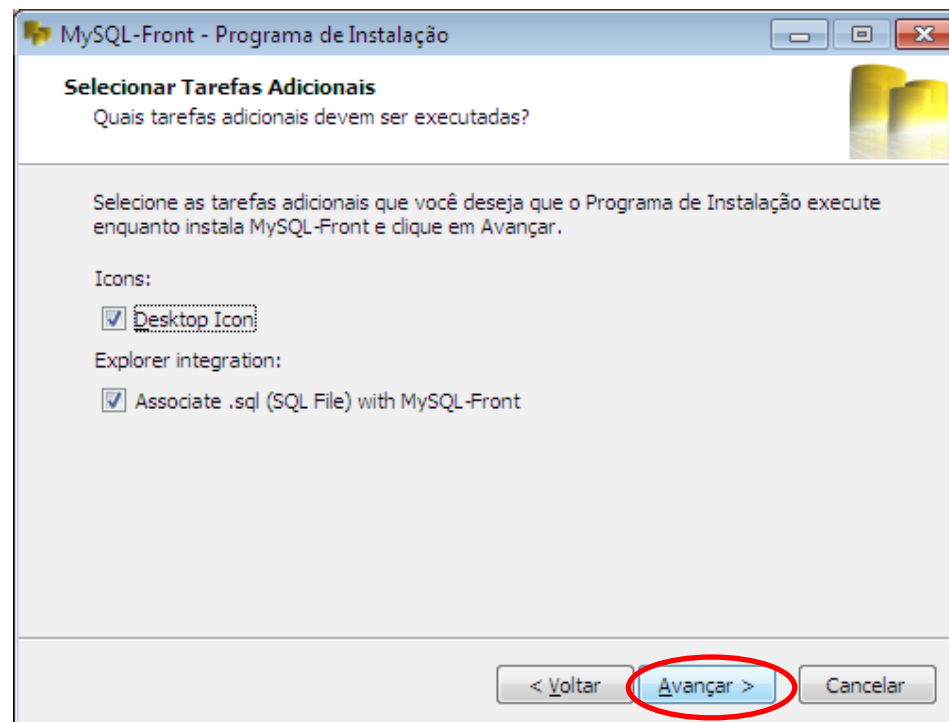

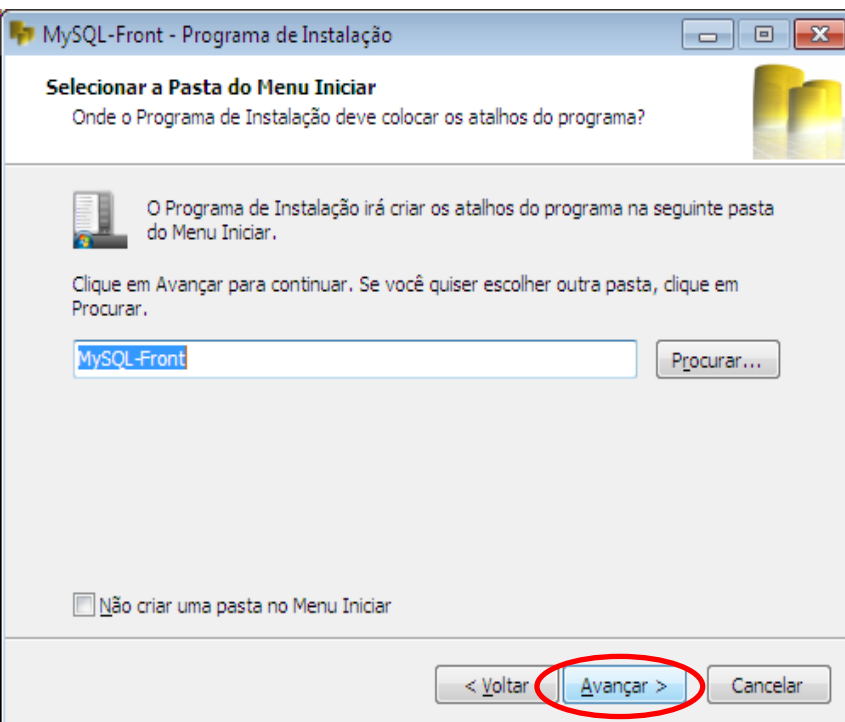

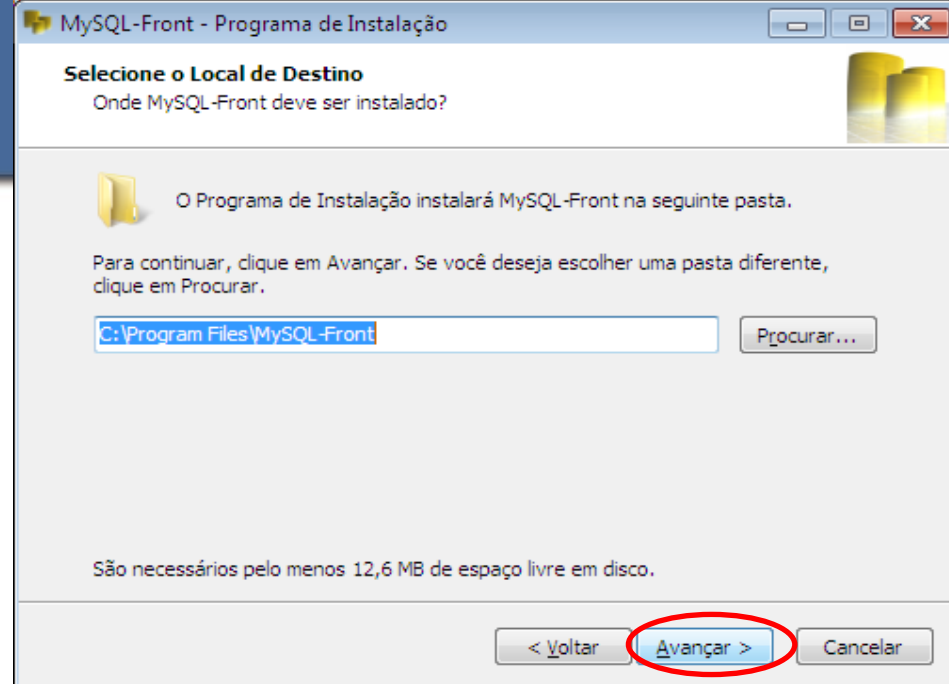

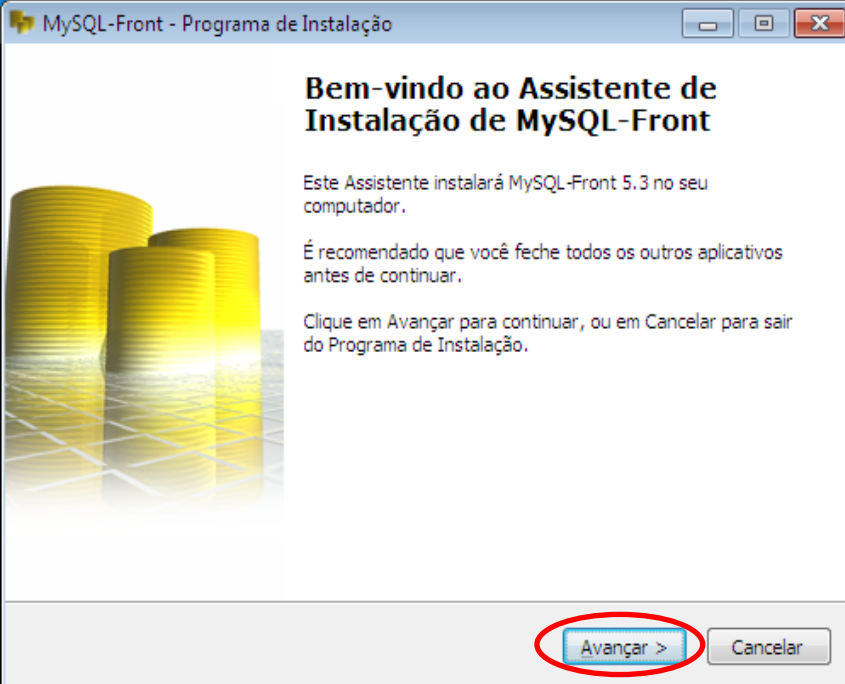

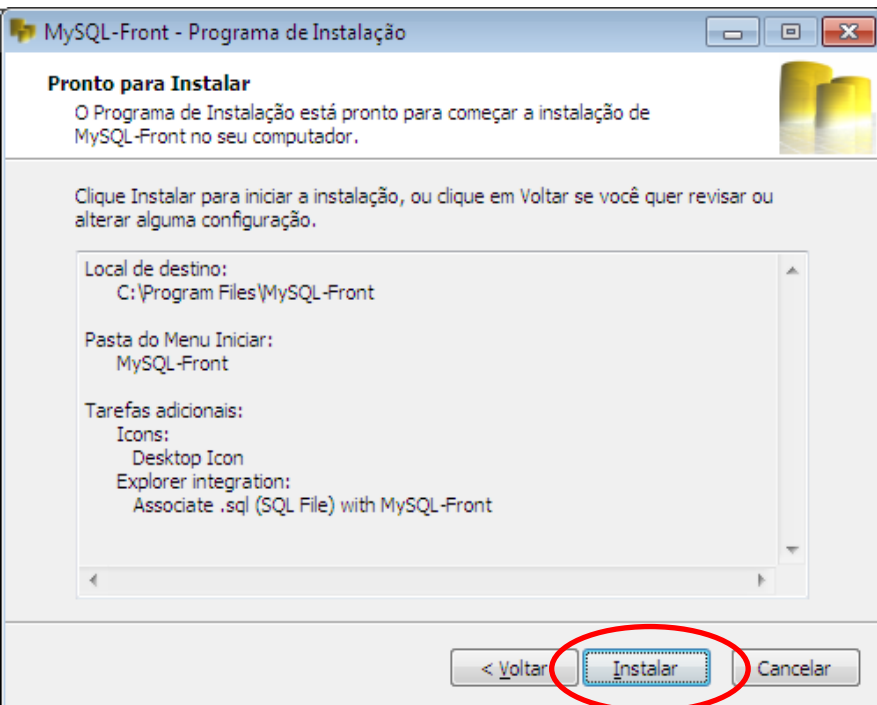

Instalação do MySQL-Front

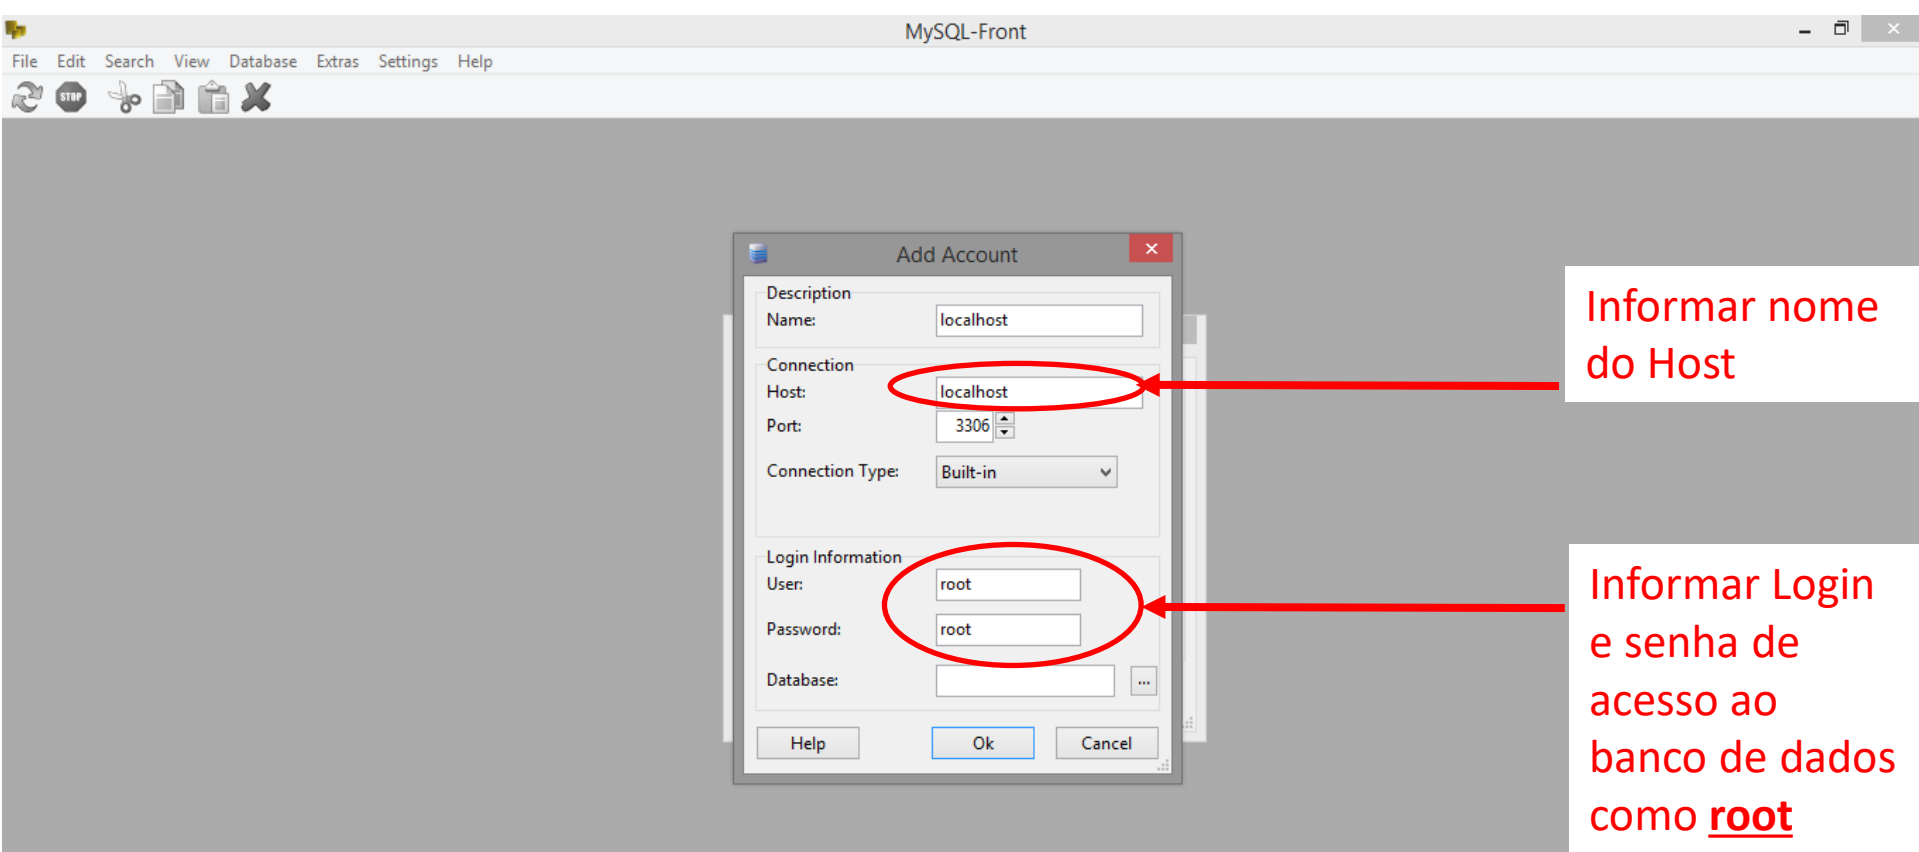

Dê dois Cliques para
iniciar a instalação

Configuração do MySQL-Front

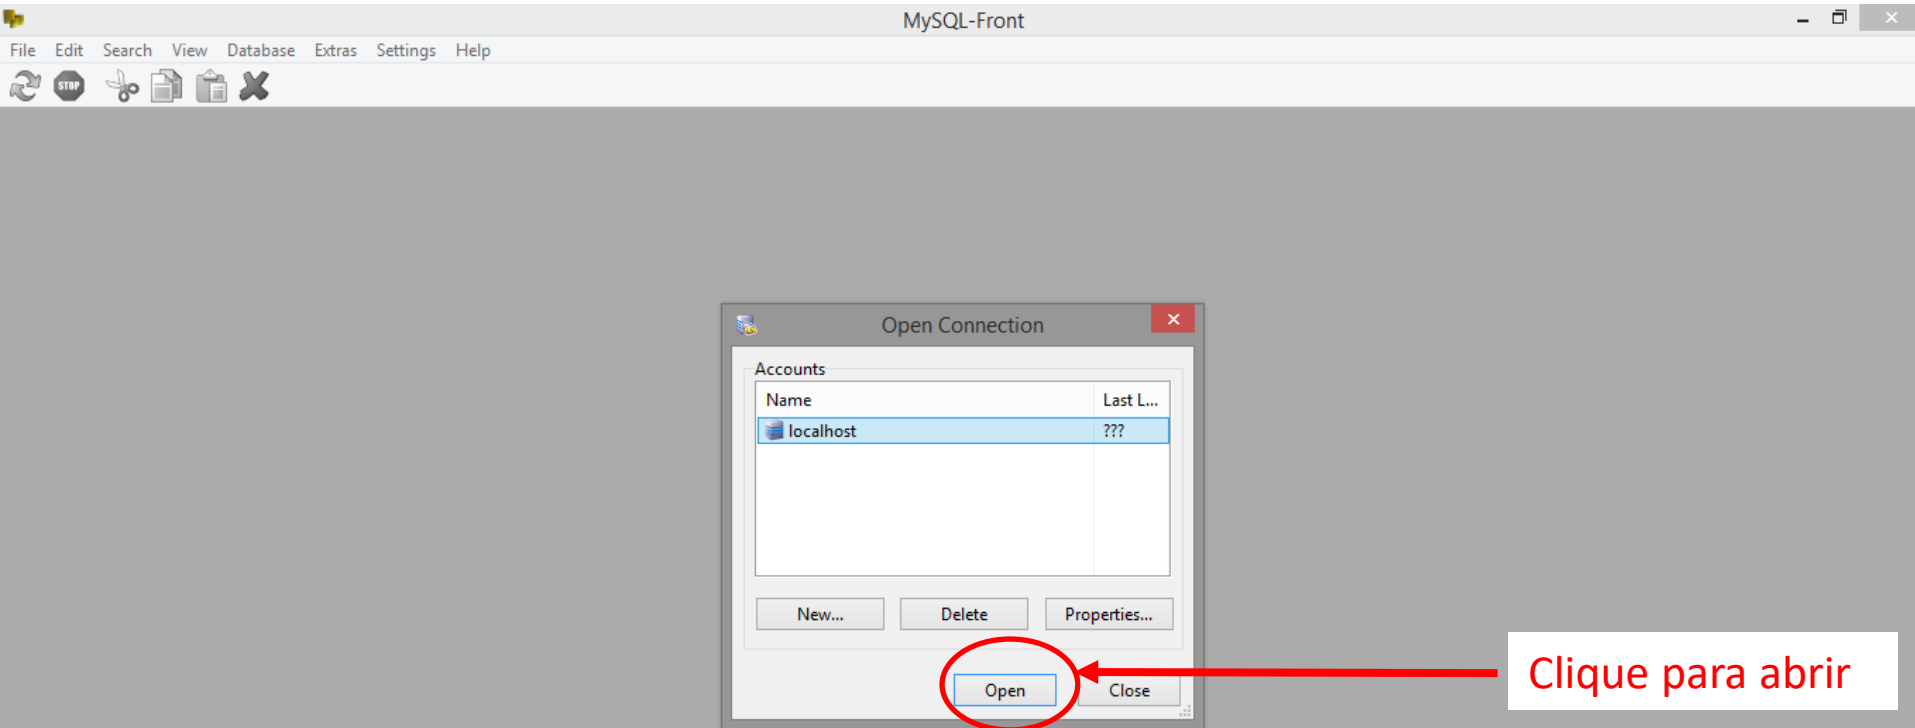

The screenshot shows the MySQL-Front application window with the 'Add Account' dialog box open. The dialog box has three main sections: 'Description', 'Connection', and 'Login Information'. In the 'Description' section, the 'Name' field is filled with 'localhost'. In the 'Connection' section, the 'Host' field is also filled with 'localhost' and is circled in red. The 'Port' is set to '3306' and the 'Connection Type' is 'Built-in'. In the 'Login Information' section, the 'User' field is filled with 'root' and is circled in red. The 'Password' field is also filled with 'root'. The 'Database' field is empty. Red arrows point from text boxes on the right to the 'Host' and 'User' fields. The 'Host' field is circled in red, and the 'User' field is circled in red. The 'Password' field is also filled with 'root'.

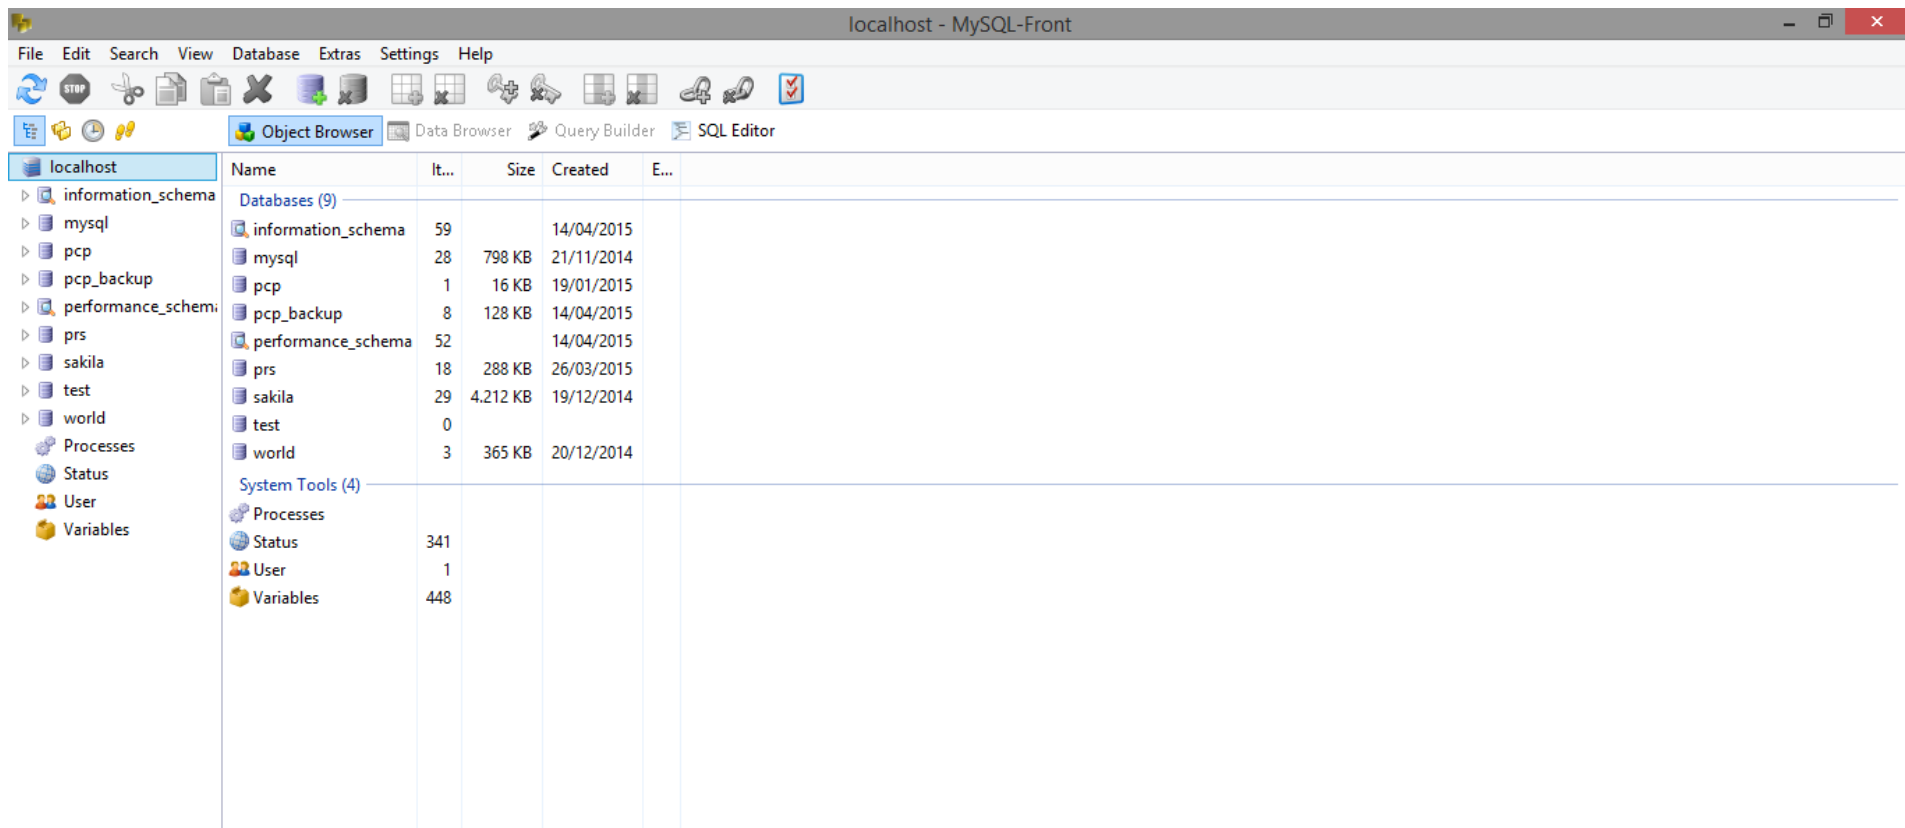

Informar nome do Host

Informar Login e senha de acesso ao banco de dados como root

Configuração do MySQL-Front

Configuração do MySQL-Front

Software instalado e configurado
